HO-HO-HO-BOY LOOK AT THOSE CORVETTES !!

THE ULTIMATE SPORTS CAR

The Corvette Classics Museum and SAE Fort Wayne Section are happy to give you an early Christmas present this holiday season. Bring your whole family to the December 12 SAE meeting at Fort Wayne's newest attraction, The Corvette Classics Museum.

See 51 pristine Corvettes dating back to 1953 on display. Meet Keith Busse, co-founder of the museum and owner of several Corvettes in the collection. Keith will give a brief background on the museum and provide details about many of the cars including:

- Two of only 170 surviving 1953 Corvettes. These were the very first Corvettes manufactured by General Motors.
- The only known collection of 1957 Fuel Injection Corvettes in every color offered by General Motors.
- Many rare mid-1960s Corvettes.
- The largest private collection of ZR-1s in the country.
- A complete collection of Corvette Pace Cars used at the Indy 500.
