Welcome to our new sponsor, Logikos !

About the Program and Speaker ...

We will begin our meeting in the Board Room with a social, followed by a brief presentation. Then it's off to board the bus for a special **VIP tour** before the meal to make use of the daylight. This is an exclusive "up close and personal" tour from the airfield side. The Ft. Wayne airport is expected to impact the local economy by over \$1B this year, and we'll see it from the operations side. We will then have dinner in the airport restaurant.

Our host, **Mike Olson**, is the Director of Operations and Facilities at the Fort Wayne International Airport. He previously handled operations and maintenance at McAllen-Miller International Airport in McAllen, TX. Mike also worked in Wisconsin at the LaCrosse Airport as the Assistant Airport Manager and before that at the General Mitchell International Airport in Milwaukee as an Operations Coordinator. He has also worked in the airline industry with both America West and Midwest Express.

Mike has a BS in Aviation Management from the University of Dubuque in Iowa and has his certification in Supervisor Management from the University of Wisconsin at LaCrosse.

As Director of Operations and Facilities, Mike is responsible for the overall day-to-day operations and maintenance of the airports, as well as the long-term planning, financing and construction of capital infrastructure improvements.

New 2004/2005 Section Officers

Chairman	Marty Blessing
